

Continuous Belt and Tube Type

Manufactured by Abanaki Corporation, Chagrin Falls, Ohio, USA. There are numerous sizes, configurations, capabilities and belt types.

Model 8 Oil Grabber

Abanaki's most popular model, suitable for most applications.
Oil removal rates up to 150L/hr.

Oil Viper

Versatile tube skimmer for any tank or pit.
Oil removal rate up to 450 L/Hr

Stainless Steel Mighty Mini

Smallest and lightest Abanaki [belt skimmer](#)
Easily hand carried to the source of the problem
Stainless Steel for harsh environments

Custom Fabricated Stand & Tank

Baldwin are able to fabricate stands, mounts, waste oil tanks and oil decanters for any requirements

Benefits and Features

- Extends coolant life by removing tramp oils
- Prevents plugging of spray heads and filters
- Skimmed oil can be recycled and reused as a lubricant or fuel
- Lifts oil any distance without the need for expensive pumps
- Easy mounting and fast cleaning, with minimal maintenance
- Multiple mounting options, including custom stands, for easy installation

We specialise in the design and manufacture of industrial wastewater treatment systems

OIL SKIMMERS
